- Carpet covers the top of the storage unit and the bottom of the drawer(s).
- It is a high-quality indoor/outdoor carpeting.
- For a seamless look, carpet is available in standard colors to

## INSTALLATION

- No tools are needed for installing storage units in vehicles. For most installs, they are light enough for 2 people to slide in and out of the vehicle as needed.

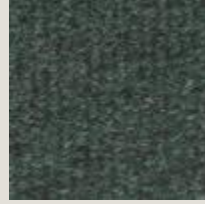

# MS CONSTRUCTION

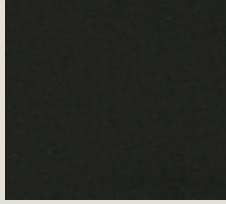

- **ALUMINUM** alloy framework in the composite storage drawer models provide an inherently lightweight solid structure to support the drawers.
- **STONEWOOD COMPOSITE (PHENOLIC)** outer shell and drawer fronts are constructed from a composite material that is impervious to moisture and extreme heat and cold. Because of the high strength to weight ratio, this material is thinner and thus lighter than comparable plywood and MDO found in other storage units. Color finish choices: cherry, mahogany, and black.
- **INNER DRAWER BOXES** are made from 18 gauge metal that is bent and ribbed for maximum stability. Along with the phenolic drawer front, there is a phenolic drawer back for added stiffening and balance. It is very durable, environmentally friendly, and weighs less than most other MDO based drawers.
- **HIGH DENSITY POLYETHYLENE** drawer glides allow smooth movements of the metal drawer on the frame. Built to withstand years of consistent use.

### **Gun Rack In-line Protection**

A safe and secure way to store your guns inside of your MobileStrong unit. GRIPs are sold as a kit (2 racks) and are available in 3 gun or 5 gun models. GRIPs are constructed from MDF wood and covered in an ultra durable, black vinyl. In between each upright there is carpet on the base and convoluted foam lining either side of the uprights. Simply place the stock end of your uncased shotgun or rifle in between the uprights on one rack and align the end into the second rack.

*\*\*Note: check with all applicable state authorities for firearm transportation laws.*

**MSGRIP3** – Kit contains two, 3 gun racks; each rack measures 11 1/2"W x 7 1/4"D x 4 1/2"H. Fits in both long, narrow drawers and single drawers.

**MSGRIP5** – Kit contains two, 5 gun racks; each rack measures 18 1/8"W x 7 1/4"D x 4 1/2"H. Fits in long, narrow drawers.
