### Install the Stand

- 1 Remove the rear cage floor bolts & Loosen the x-brace bolts

- 2 Attach the 2 Front Legs to the vehicle's x-braces (one leg at a time)

Leg 1 = Slide the dog ears on one of the legs to fit around the x-brace bolt

Leg 2 = Pull the leg on the other side back to fit the dog ears around the x-brace bolt

- 3 Attach the 2 Rear Legs to the cage mounts

Swing the rear legs back

Position the dog ears to sit underneath the bolts

- 4 Replace and tighten the cage mount bolts and tighten the x-brace bolts

---

# Attach the HDP Storage Drawer

---

**1** Set the box on the stand so that the mounting holes on the side of the box and the frame line up

---

**2** Insert the included ¼-20 by 1" hex bolt through the angle bracket and into the HDP box and secure with nut and lock washer

Repeat for the remaining 3 holes
